

PROBLEMS with TIME REPORTING

We are very disappointed to report that there was a data collection breakdown at the finish line.

- This resulted in a number of bib numbers not being properly matched to finish place (and finish time).
- Therefore, swimmers who actually finished may be erroneously showing as DNF (did not finish)

We ask your assistance in reviewing the Results report:

- If you are showing as DNF and finished, please contact us with an approximate (or exact) time you finished, if you know.
- If you believe your finish time is incorrect, please contact us and let us know what you believe your finish time should be.
- We will make every effort to accommodate your corrections, and re-publish the results (including age group standings)

Please contact the webmaster at piertocoveswim@aol.com to report corrections to the results.

We heartily apologize for the inconvenience and disappointment this may have caused our swimmers.

We have never had problems like this in the past, and will ensure that this will not happen in future events.

Thank you for your kind understanding and cooperation.

Doug Burleigh, Event Coordinator
